CAREER SUMMARY:

I am seeking employment with a company where I can grow professionally and personally. I want to become a Full stack Developer

WORK EXPERIENCE:

Robogenesis, Bhubaneswar

Junior Web Developer | August 2025 – Present

- Develop and maintain full-stack web applications using the MERN stack.
- Enhance platform performance by optimizing APIs, frontend components, and database queries.
- Collaborate with senior developers to build scalable features and implement UI/UX improvements.
- Work closely with the product team to refine requirements and deliver high-quality solutions.

Full-stack Developer (Internship) | June 2025 – August 2025

- Built end-to-end features using MongoDB, Express.js, React, and Node.js.
- Implemented REST APIs and integrated them with the frontend.
- Worked on real-world projects involving API integration and data handling.

Wayindia Software Solution Pvt. Ltd., Bhubaneswar

Frontend Developer (Internship) | February 2024 – April 2024

- Developed responsive and user-friendly interfaces using HTML, CSS, JavaScript, and React.
- Collaborated with backend teams to integrate APIs and ensure seamless performance.
- Improved web layouts and optimized UI for faster loading and mobile responsiveness.

RELEVANT PROJECTS:

Blood Donation Web Application | [Website](#) | [Code](#)

Tech Stack: React.js (Frontend) | Node.js & Express.js (Backend) | MongoDB with Mongoose (Database)

A full-stack web application designed to manage and streamline blood donation, requests, and availability tracking. The frontend is built using React, and the backend uses Node.js, Express.js, and MongoDB for secure and efficient data handling.

NGO Survey & Donation Web Application | [Website](#) | [Code](#)

Tech Stack: React.js (Frontend UI) | HTML & CSS (Responsive Design)

A responsive web application designed for NGOs to manage surveys, donations, and food distribution activities. The frontend is built using HTML, CSS with a clean and mobile-friendly UI.

The system allows users to donate, submit surveys, and register food-giving activities, all handled through structured forms and reusable components.

EDUCATION:

- Pursuing M.C.A at GIFT Autonomous College, Bhubaneswar, affiliated with BPUT, with a current CGPA of 8.5.
- Completed Graduation from Nabapravat Academy for Management Education, Salepur by taking BCA under Utkala University, Passing Year 2024 with 70.69%.
- Completed +2 from Subhadra Mahatab HS School, Asureswara by taking science from the CHSE board in passing year 2021 with 53.16%.

SKILLS:

- Frontend: HTML5, CSS3, JavaScript, React.js, React Hooks, Redux, Bootstrap
- Backend: Node.js, Express.js, RESTful API Development, Authentication & Authorization
- Database: MongoDB, Mongoose (ODM)
- Version Control: Git, GitHub
- Tools & Platforms: Postman, VS Code, NPM, Netlify
- Other Skills: JSON handling, Responsive Web Design, State Management, API Integration
